DJ Description

DJ's Are The Centerfold Of Hip-Hop. They Give The Fans/Or Listeners Direction On What Music To Buy Or Bring Awareness To New Music And Artists. One Of The Main Reasons For The SIHHRADIO DJ Team Is To Provide A Platform So That DJs Get Exposure, Help Discover Artists, And Other Talented DJs. This Discovery Can Potentially Give The Artists An Audience, Where Listeners Can Turn Into Customers For The Artists And This Helps The DJ's Brand/Reputation. Also, This Creates A Bond Between DJs And Artists. This Brings Us To Our Other Main Objective For This Program, Which Is To Focus On The Growth Of The DJs' Brand And Fanbase. Radio DJ's Have To Be Entertaining And Really Good At Their Craft, And This Is Why We Have To Be Selective When Adding DJs To Our Network. We Want Our Team Of DJs Prepared To The Style Of A Radio DJ, Because SIHHRADIO Is Constantly Working On Opportunities That Benefit DJs, And We're Searching For Those That Fit The Opportunities That Appear To Us. Now, Internet Radio Is Booming To Be The Future And SIHHRADIO Is Aiming To Be The Number One Network For Hip-Hop Music In The Present And The Future.
